Multi-Agency Driver/Pump Operations Training
Basic Bread & Butter Fire Response Considerations & Approaches
Basic Vehicle Accident Managing & Stabilizing the Incident

When: 0830-1430 on Saturday-June 24th (Refreshments & A Working Lunch Provided)

Where: **Operational Safety Brief Held At:**

**Ballardsville Fire Station # 1
4604 S. Hwy 53
Crestwood, Kentucky 40014**

This 1-day training presentation will have (3) individual on-going revolving multi-faceted skill evolution trainings that will not only provide an exceptional opportunity for our departments to train with our valued close mutual aid partners but a way to obtain on-going and for some initial practical and thought invoking training in the above topic areas. This is great way to not only fellowship, interact with, and identify potential new ways to approach an incident and provide a awesome protentional to evaluate and enhance how we handle our day to day responses

If interested in attending or have further questions please contact your respective training divisions at training@lakejerichofire.org or clinton.vinup@ballardsvillefire.com to enroll asap.
